NAME _____ CLASS _____

MY HOME ENERGY SAVING PLAN

Electricity is expensive and generating it can harm the environment. Small changes at home can add up to a big saving.

Carry out a survey of your home, then write a plan your family could actually follow. Discuss it with someone at home.

1 Walk around your home. List **four** devices that are left on or on standby when no one is using them. 4 marks

DEVICE	ROOM	ON OR STANDBY?

2 Write **four** energy saving actions for your family. Explain how each one saves energy. 8 marks

ACTION 1

ACTION 2

ACTION 3

ACTION 4

3 Which of your actions do you think would save the most energy? Explain why. 2 marks

4 Ask someone at home to sign below to show you have discussed your plan. 1 mark
